There was a time  
I hated all the world  
For what they said

I don't know,  
Why this has,  
Become an issue for me  
Will you still,  
Be right there,  
If I fell down again

If my voice stops singing will you know who I am  
If the drugs stop working will you know how to live  
If the beat stopped beating will you still wanna dance  
And if you can't hear it, I'm giving it all for you

There was a time  
I hated all the world  
For what they said  
And you don't know me  
How can I live  
And how can we exist  
It's all been said and done

And in time,  
Lets rewind,  
To when our lives were so much less  
I will try,  
I will try,  
Try to do my best for you

If my voice stops singing will you know who I am  
If the drugs stop working will you know how to live  
If the beat stopped beating will you still wanna dance  
And if you can't hear it, I'm giving it all for you

There was a time  
I hated all the world  
For what they said  
And you don't know me  
How can I live  
And how can we exist

It's all been said and done

Yes we can, I don't know how we got here  
Yes we can, I don't know how we forgot  
Yes you can, I don't know how we got here  
Yes you can, I don't know how we forgot

If my voice stops singing will you know who I am  
If the drugs stop working will you know how to live  
If the beat stopped beating will you still wanna dance  
And if you can't hear it

If my voice stops singing will you know who I am  
If the drugs stop working will you know how to live  
If the beat stopped beating will you still wanna dance  
And if you can't hear it, I'm giving it all for you

There was a time  
I hated all the world  
For what they said  
And you don't know me  
How can I live  
And how can we exist  
It's all been said, I'm giving it all for you

There was a time  
I hated all the world  
For what they said  
And you don't know me  
How can I live  
And how can we exist  
It's all been said and done
