Sittin' in my world alone
I catch myself reachin' for the phone
Gotta get outta here
And find a place to get my head clear
I make a wrong turn down your road
And how I got here, I'm afraid I know, oh

A part of me keeps going too far
I can't stop my heart

Yeah, it feels what it wants to feel
And it does what it wants to do
I tell it no and then before I know it
Yeah, it's a right back to lovin' you
I can't stop my heart before it's through
It's gonna break itself in two
I can't stop my heart

I do my best to leave the past
But I can't keep my heart from going back
What am I gonna do?
It just remembers what it wants to
And once it lets your memory in
I let myself get swept away again and again

I know it's always tearing me apart
I can't stop, stop my heart

Oh it feels what it wants to feel
And it does what it wants to do
I tell it no and then before I know it
It's a right back to lovin' you
I can't stop my heart before it's through
It's gonna break itself in two
I can't stop my heart

Yeah, it feels what it wants to feel
And it does what it wants to do
I tell it no and then before I know it
Yeah, it's a right back to lovin' you
I can't stop my heart before it's through
It's gonna break itself in two

I can't stop my heart

I can't stop my heart

I can't stop it, I can't stop my heart

Oh I can't stop it, I can't stop my heart

I can't stop it, I can't stop my heart
