My darling, I have wronged you  
Down the devil's path I have roamed  
Regret, sadness and sorrow  
Now in my soul have found a home

My sweet Caroline  
From your loving arms I've strayed  
In your heart may you find  
Yeah, forgiveness I pray

A fool to temptation  
Oh, I surely played  
I come to you for salvation  
Have mercy in love's name

My sweet Caroline  
From your loving arms I've strayed  
In your heart may you find  
Yeah, forgiveness I pray

The chilling cry of sin's wrath  
Sings like thunder through my head  
I find no rest, now no comfort  
In a cold dark lonely bed

My sweet Caroline  
From your loving arms I've strayed  
In your heart may you find  
Yeah, forgiveness I pray

My sweet Caroline  
From your loving arms I've strayed  
In your heart may you find  
Yeah, forgiveness I pray
