That burnin' sunset in the sky  
Is callin' out to us tonight  
An' I won't work for my old man anymore  
You fit into your Mamma's plan  
There's a place for people like you and me  
But true love's still got room to breathe

And we can drive all night into the mornin' light  
Let's go west  
It's our ticket out of here, yea, we can disappear  
Let's go west  
And that painted sky was made for us  
It's everything we ever dreamed of  
Let's go west

It's hard to leave this place behind  
Got memories turnin' in my mind  
Little white house with a picket fence  
That protected small town innocence  
But it seems like an even trade to me  
That security for our destiny

Yea, we can drive all night till the mornin' light  
Let's go west  
A place that we can go where the tall dreams grow  
Let's go west  
And we'll find a place to call our own  
There's somewhere out there we belong  
Let's go west

And that painted sky was made for us  
It's everything we ever dreamed of

Yea, we can drive all night and till the mornin' light  
Let's go west  
A place that we can go where the tall dreams grow  
Let's go west  
And we'll find a place to call our own  
There's somewhere out there we belong  
Let's go west

Yea, let's go west

Oh, let's go west  
Oh, let's go west  
Yea, let's go west
