Well I'm flyin' high and I'm feelin' low  
Drinkin' hard and dancin' slow  
I'm gonna shine my buckle to George Jones  
Heartaches are hot on my heels  
Bartender, the race is on

If she's gone for good and I'm goin' to town  
I'm gonna live it up, heya livin' her down  
Jose, pick me up and get me on my feet  
So I can scoot a boot  
To that two-four jukebox beat

Yeah I'm heartbroke out of my mind  
Pardon me boys  
If I get a little out of line

It's just temporary insanity  
Till I get over what she did to me  
I'll be heartbroke out of my mind

B. Y. O. T.  
I brought my own trouble tonight  
I'm gonna get this bein' done wrong down right  
Yeah saddle me up boys, I'm goin' in  
They say when you fall off  
Well, climb right back up again

Yea I'm heartbroke out of my mind  
But pardon me boys  
If I get a little out of line

It's just temporary insanity  
Till I get over what she did to me  
I'll be heartbroke out of my mind

It's just temporary insanity  
Till I get over what she did to me  
I'll be heartbroke out of my mind  
Oh, I'm just heartbroke out of my mind
