I forget where I'm goin' in my own house  
I got myself in this, I'll get myself out  
I talk out loud, at the top of my voice I sing  
Whoa keep the faith, see what tomorrow brings

I can't get over you, try as I may, oh it's no use  
My heart just can't leave you alone  
My mind won't believe you're gone  
I can't get over you

I got a front row seat here to a fool's masquerade  
And that fool in the mirror keeps sayin', "I'm doin'  
okay"  
I stare at that door that you walked out  
It hits me hard and leaves no doubt

I can't get over you, try as I may, oh it's no use  
My heart just can't leave you alone  
My mind won't believe you're gone  
I can't get over you

I can't get over you, try as I may, oh it's no use  
My heart just can't leave you alone  
My mind won't believe you're gone  
I can't get over you, can't get over you, I can't get over  
you
