We got the radio up, got the tailgate down  
Peacherman waiting at the church downtown  
My baby's riding shotgun, dressed in white  
Got a ring, got a suit, we gonna do it up right

Getting in it for the long haul  
Yeah, getting in it for the long haul

With some hard work, a little bit of faith  
And a whole lot of luck we can have it all  
And make it through the long haul

Got everything we own in the back of that truck  
Pocketful of dreams and a full tank of love  
Two months down on a little farmhouse  
It may not look like a whole lot now

Getting in it for the long haul  
Going down the road that never ends  
We gettin' in it for the long haul  
All day, every day and back again

With some hard work, a little bit of faith  
And a whole lot of luck we can have it all  
And make it through the long haul

Yeah, my daddy taught me like his daddy did him  
Life is like a river that we all gotta swim  
Good Lord willing and the creek don't rise  
Be a little something for you on the other side

We getting in it for the long haul  
Going down the road that never ends  
Getting in it for the long haul  
All day, every day and back again

Yeah, we in it for the long haul  
Going down the road that never ends  
Hey, we in it for the long  
All day, every day and back again

Yeah we in it for the long  
Going down the road that never ends  
All day, every day and back again

Long  
Going down the road that never ends  
All day, every day and back again
