Oh I'm like a bat outta hell outta shoot number nine  
Lord I'm looking for eight  
God it's been along time  
I'm tied to the hot seat in the heat of the battle  
You gotta give it all you got just to stay in the saddle

Yeah, Well I ride em high and ride em low  
The only life for me is the rodeo  
Gotta pot of gold waiting in every town  
I gotta ride This horse down

I got a one horse trailer gotta a newly truck  
She'll use a tank of gas come on lady luck  
I live high on the hog I eat pork and beans  
And lord I sleep off the whiskey when I dream big  
dreams

Yeah, Well I ride em high and ride em low  
The only life for me is the rodeo  
Gotta pot of gold waiting in every town  
I gotta ride This horse down

Pretty girls slide through my heart like the wind  
You know there ain't no future in cowboy men  
Well I can take a bull and I can pain  
Ain't gonna climb on board that old heartbreak train

Yeah, Well I ride em high and ride em low  
The only life for me is the rodeo  
Gotta pot of gold waiting in every town  
I gotta ride This horse down

Yeah, Well I ride em high and ride em low  
The only life for me is the rodeo  
Gotta pot of gold waiting in every town  
I gotta ride This horse down  
I gotta ride This horse down  
I gotta ride This horse down  
I gotta ride This horse down
