I wrote a letter to my Santa last night  
Yeah, I told him what I want to make my Christmas right  
And if I don't get it, I'm gonna be blue  
I wanna rockin' little Christmas with you

I don't want no tinker toys  
Don't wanna waste my time, drinkin' with the boys  
There's only one thing that I wanna do  
I wanna rockin' little Christmas with you

I want a rockin' little Christmas  
Rockin' little Christmas with you  
And if I get my wishes, it's gonna be delicious  
A stockin' full of love for two

Well, I've been a good boy all year  
And I deserve a little Christmas cheer  
I want your arms around me, the whole night through  
I wanna rockin' little Christmas with you

So baby, tell me, what's it gonna be  
Where you gonna spend your Christmas Eve  
And will I be merry or will I be blue  
I wanna rockin' little Christmas with you

I want a rockin' little Christmas  
Rockin' little Christmas with you  
And if I get my wishes, gonna be delicious  
A stockin' full of love for two

Well, baby, what's it gonna be  
And where you gonna spend your Christmas Eve  
And will I be merry or will I be blue  
I wanna rockin' little Christmas with you

I want a rockin' little Christmas  
Rockin' little Christmas  
Rockin' little Christmas with you
