I know they say if you love somebody
You should set them free
But it sure is hard to do
It sure is hard to do

I know they say if it don't come back again
Then it's meant to be
Those words don't pull me through
'Cause I'm still in love with you

I spend each day here waiting for a miracle
But it's just you and me goin' through the mill
Climbin' up a hill

This is the long goodbye, somebody tell me why
Two lovers in love can't make it
Just what kind of love keeps breakin' a heart
No matter how hard I try, I always make you cry
Come on, baby, it's over, let's face it
All that's happenin' here is a long goodbye

Sometimes I ask my heart did we really
Give our love a chance
But I know without a doubt
We turned it inside out

And if we walked away
Would it make more sense
But it tears me up inside
Just to think we still could try

How long must we keep running on a carousel
Goin' round and round and never gettin' anywhere
On a wing and prayer

This is the long goodbye, somebody tell me why
Two lovers in love can't make it
Just what kind of love keeps breakin' a heart
No matter how hard I try, I always make you cry
Come on, baby, it's over, let's face it
All that's happenin' here is a long goodbye, long
goodbye

Long goodbye
Long goodbye
This is a long goodbye
This is a long goodbye
[Incomprehensible] goodbye
Long goodbye
