I know they say if you love somebody  
You should set them free  
But it sure is hard to do  
It sure is hard to do  
I know they say if you don't come back again  
Then it's meant to be (so they say)  
Those words don't pull me through  
Cause I'm still in love with you  
I spend each day here waiting for a miracle  
But it's just you and me goin' through the mill  
Climbin' up a hill

Chorus

This is the long goodbye  
Somebody tell me why  
Two lovers in love can't make it  
Just what kind of love keeps breaking a heart  
No matter how hard I try  
I always make you cry  
Come on, baby, it's over...let's face it  
All that's happening here is a long goodbye

Sometimes I ask my heart did we really  
Give our love a chance (just one more chance)  
But I know without a doubt  
We turned it inside out  
And if we walked away  
It would make more sense  
But it tears me up inside  
Just to think we could still try  
How long must we keep running on a carousel  
Goin' round and round and never getting anywhere  
On a wing and prayer

Chorus

This is the long goodbye  
Somebody tell me why  
Two lovers in love can't make it  
Just what kind of love keeps breaking a heart  
No matter how hard I try  
I always make you cry  
Come on, baby, it's over...let's face it

All that's happening here is a long goodbye

Long goodbye

Long goodbye...
