(You better watch your step)
I said you'd better
(You better watch your step)
I said you'd better
(You better look out)
'Cause I'm watching you

(You better watch your step)
Stop playing around (you better)
I'm not gonna kiss and run away
I'm here to stay, oh, oh

(You better watch your step)
I'm telling you
(You better look out)
'Cause I'm watching you

I saw you in the arms of another guy
And I almost wanted to die
I thought you were true
But you know that I
I can't depend on you

Little girl
You think that you're smart
The way you always jump up
And, uh, down on my heart

And you know
You think that I'm your fool
And that's why you go around
Breaking every rule

But, girl, you know I'm gonna
I'm gonna set you straight
And I'm so glad that it's
That it's not too late

(You better watch your step)
I said you'd better
Come on and watch your step
(You better look out)

'Cause I'm watching you

(You better watch your step)
Stop fooling around (you better)
Although you're wearing my ring
That don't mean a thing, oh, oh

(You better watch your step)
Better, better watch your step
(You better look out)
You better look out, baby

(You better watch your step)
I said you better
Better watch your step
