Pools of pain, surrounding me in, shades of green

Rats and snakes they always try to get the best of me
But they won't.

Never know when the time is right to take the reins
Down the road they'll come to find out anyway
But it's too late you know
You just like pretendin' that they're everything they're
not
I don't like it, I don't need it
I don't want it cause baby I'm thru believin' it and I

Got no shame. Well I got no one to blame. All the same
Gonna taste the wine cause it's right there in front of
me

Walk the streets, a carryin' a, heavy load, Hounds of
love are comin' so I take a left turn back down the right
road
Sister sweet she told me 'bout it, Just can't seem to live
without it
Black cat open my eyes forever baby, don't you waste
your time
I found shelter, Helter skelter, Back inside me, You
won't find me

Got no shame, Well I got no one to blame
Got no shame, All the stakes are high like no blue sky
It's all the same, But you will ne-ver feel it
(SOLO)

You know you just like pretendin' that they're
everything they're not
I don't like it, I don't need it, I won't take it at a-I-I!

Got no shame, Well I got no one to blame
Got no shame all the stakes are high like no blue sky
baby honey
Got no shame. Well I got no one to blame. All the same.
Gonna taste the wine cause it's right there in front of

me.

You won't find me, never get inside of me
