You've come so far
Just to say that you love me
Oh I know, Yes I know
But I'd like to hear you say it
Everyday, everyday
Everyday, everyday

When I brush my teeth
Oh and you drive the car
Sweep me off my feet
Take me very far away
Far away
Everyday, everyday

Please take me high on
Your mighty wings
You know I'd really like to fly
I'm a leaf in the sky
Your love is the only
Love I'd like, love I'd like
Love I'd like, love I'd like
Everyday(3x)

When you're going up
And I'm sinking down
Save me everytime
Never let me drown
When I go to sleep
Would you drive the car
Sweep me off my feet
Take me very far away
Far away
Everyday, everyday

Every Sunday, Monday, Tuesday, Wednesday,
Thursday, Friday
Of every June or January, October
Love me like it's my birthday

Everyday (5x)
