

## Barbie's Cradle "Go"

Go  
Love her with all your heart  
Go  
Leave me where I am

Cause I'll be fine  
I'll take care of my self  
I will keep  
everything we shared

Go  
To a higher plane  
Go  
Don't worry I'll stay sane

The day we end  
The waiting starts  
But it's patient waiting  
waiting  
It's good  
It's good for the heart  
Food for the soul

Go  
You can always return  
Go  
No bridges will be burned

Cause I'm a friend  
As much as a lover  
This doesn't know an ending  
We'll keep each other in the heart  
and reunite our souls
