These aren't pains  
the burdens I cradle  
they have names  
and now I am able

to face them  
change them  
or bless them

And I thank you most  
for what you did  
and didn't

from the inside rose  
someone I had forgotten

She's a good girl  
she's no stranger  
she's wiser  
'cause she has come to know

healing is from the inside  
when I look close enough i see  
healing is from the inside  
peace is in the place within me

the rainy day  
invites melancholy  
but in this place  
nothing ever hurts

it's not lonely here  
all good things appear  
i still hold you dear

it's not the last time  
persephone comes to visit me  
but it's not a bad time  
when she leaves

i'm a good girl  
i just wander

i'm no stranger  
'cause i have come to know
