I have less than seven years  
To fill up the glass jar  
Tomorrow make a big window  
To keep me from being old

'Coz its dark and I am lonely  
Only cause IÂ've time to be lonely  
And living here is bitter as dying  
Leaving me was easier than loving

Help me say farewell to the floor  
'Coz now I sleep sideways  
Like a fetus for more security

'Coz its dark and I am lonely  
'Coz IÂ've the money to be lonely

Living here is bitter as dying  
Leaving me was easier than loving

Its dark and I am lonely  
Only cause IÂ've time to be lonely  
Its dark and I am lonely  
'Coz IÂ've the money to be lonely

Its dark its dark and I am lonely  
Its dark its dark and I am lonely  
Its dark its dark and I am lonely  
Its dark its dark and i am

Leaving me was easier than loving
