

Brother's Keeper "Alive And Well"

Visit "[Alive And Well](#)" on MotoLyrics.com

I saw the sun and moon racing through a distant sky
I saw the angry grey bringing the rain
I saw the majesty of fire on a crashing wave
I heard a gentle wind whisper my name

I shouted in the Grand Canyon (He's alive)
I danced upon the snow of Mt. Everest
I see so clearly all God's done
And I am here to tell that He's alive and well

I felt the warmth of the white sands beneath my feet
I felt the joy of the coming of spring
But there's no earthly touch I've found
that could compete
With the healing His love brings to me, look and see
