Ev'ry morning when sun is dawning  
You'll see him down on the beach.  
Look out girl better beware  
Better take care keep yourself out of reach.  
He's out to make a killing girl,  
He's out to make a score and maybe  
If you're willing girl,  
He's gonna ask for more.

Oh, oh figaro he's got magico, oh.  
Oh, oh figaro he's a romeo, oh  
See him down on the beach  
He'll be looking for someone new  
Searching down on the beach,  
Figaro, Figaro.

When he plays guitar at the disco-bar  
He's the star of the show  
As the girls go by he just winks an eye  
See the pretty girls glow.  
He's out to make a killing girl,  
When dancing on the floor and maybe  
If you're willing girl,  
He's gonna ask for more.

Oh, oh figaro he's got magico, oh.  
Oh, oh figaro he's a romeo, oh  
See him down on the beach  
He'll be looking for someone new  
Searching down on the beach,  
Figaro, Figaro.
