

Brother's Keeper **"My Brother's Keeper"**

Visit "[My Brother's Keeper](#)" on MotoLyrics.com

If a single minded highway
Takes you far away from home
And leaves you on a doorstep
Like an orphan on his own

Just remember we're family
That will never change
We share more than a name

And I am my brother's keeper
And I'll stand by you as long as I live
Our blood runs so much deeper
Than any water that's gone under the bridge

The road always remembers
To bring us back where we belong
And the miles can't break the bond between us
Family ties are just too strong
No matter where life leads us just remember in the end
We're all next of kin
