Well sister
I've been down
I've been up, once through
And it's high time
That I get mine
And I get out, it's true

Well it's all aboard this huge disaster
And I can't afford to move this faster
Oh, oh oh

Gonna get up
To that fast train
I can't wait out
The years
Cuz I've cleaned up
And I'm starstruck
And it's all luck
From here

Well it's all aboard this huge disaster
And I can't afford to move this faster
Oh, oh oh
