Well maybe I've been thinking that  
A lot of things are gonne change  
Everything's gonna change  
So brace yourself  
Don't get too close  
Don't get too settled in  
What happened to your friends?  
How has everybody been?  
They're growin up  
They're givin up  
On everything so let's say a prayer  
For the ones who dare  
To just keep movement  
But I've been down so long that I keep movement  
Oh yeah

Well everyone keeps tellin me that I should get a job  
That pays  
Maybe I should change my ways  
But it's too late now  
There's no way out  
And I'm in here pretty deep  
And this hill is gettin steep  
And I'm singin in my sleep  
I lost my mind  
Been workin on a single  
But I'll probably never be a big star like you  
But it's all that I can do  
So just keep movement but I've been down so long that  
I keep movement  
Oh yeah

Well these three, four, five, six years outta high school  
I've been drinkin at the bar since about noon  
I've been checkin my mail cuz the money's gonna come  
soon  
Big bucks, or that's what I'm told  
Well seven, eight, nine, ten times that I been told  
"boy you better trade those cards before you get old"  
Well I'm stickin with the ten cause there's no way I'm  
gonna fold it now

Oh well it's one last prayer  
For anyone at all who cares  
But I keep  
Well I keep  
Well I keep movement oh
