Visit "[Bugs](#)" on MotoLyrics.com

bugs, bugs, bugs
keep coming up
theres nothing there to stop it
ooo
bugs, bugs, bugs
keep showing up
this time we think we're done here
ooo
but i've got plan
if you'd only hold my hand
we'll make this through
i know we can
i believe we'll work this out

bugs, bugs, bugs
let gold rain
i think i made some progress
ooo
but i've got a plan if you'd only hold my hand
we'll make this through
i believe we'll work this out
we've got bugs bugs bugs
we've got bugs bugs bugs
we've got bugs bugs bugs
