I'm a child  
Of South Africa  
I'm a child  
Of Vietnam.  
I'm a child  
Of Northern Ireland  
I'm a small boy  
With blood on his hands.  
Yes, I'm a child  
Of the universe  
Yes, I'm a child  
Of the universe  
You can see me on the T.V. every night  
Always there to join in someone else's fight.  
I never asked to be born  
And I don't ask to die  
I'm an endless dream  
A dream machine that  
Cannot reason why.  
Yes, I'm a child  
Of the universe  
Yes, I'm a child  
Of the universe  
You can see me on the T.V. every day  
I'm the child next door three thousand miles away.
