"Faded"

All 'round this empty space
Baseboards and change with dust
Discard
Hopeful display
Once it aroused the brave in us

Maintain every night
Bodies aching all the time

Things that made me smile made me think we'd last
Broken
Terrible piles
We couldn't know they'd turn so fast

She drinks red wine every night
Soaking through all the time

Oh
Oh God
I'm fading out
No more
No more straight lines

We shared the very same room
The very same bed with love
Bad night
She fell asleep
I flew away and I'll never stop

We cry every night
Words are broken all the time

Oh
Oh God I'm fading out
No more
No more straight lines

Oh
Oh God I'm fading out
No more
No more straight lines
