there you were beside the bar  
singing softly to yourself  
i know exactly who you are  
bored to death and blown appart  
added to the list of dead popstars  
haunted by the ghost of patty  
smoking filterless cigarettes  
calling us square pigs ?  
and singing about christmas  
there you're hiding in the dark  
waiting for a film to start

giving me advice i don't want  
haunted by the ghost of patty  
smoking filterless cigarettes  
calling us square pigs ?  
and singing about christmas  
feels like i'm being watched  
but i'm glad i'm not alone  
i'm glad i'm not alone  
feels like i'm being watched  
but i'm glad i'm not alone  
i'm glad i'm not alone
