I know that I could be a tease.  
You know that all this smoke is just a screen.  
But in this world today, with all the games we play.  
This one's not so bad.  
Do you really want to be alone tonight?  
I can't help myself, I can't help myself.  
CHORUS  
When I take of all my clothes,  
And you're standing very close,  
I want you to touch me and we fa la la la...  
When I'm naked I don't care,  
As long as you are standing there  
When I take of all my clothes.  
We fa la la la...  
I can dress up like a queen,  
If make believe is what you want from me.  
But any role I play will just be tossed away  
Each time I'll make you crazy.  
Do you really want to watch the show?  
If you help yourself, you can help yourself.  
CHORUS  
Chemistry is not a crime.  
Just for people who keep it all wrapped up inside.  
Who needs formality in sexuality.  
(CHORUS)
