"Two In The Morning"

I want to be the girl who makes it under your skin si you can't sleep.

I want to be the one who makes your body stiff and your conscience weak.

You're gonna leave your senses and your confidences.

CHORUS

I want you to be my two in the morning desperation call.

I want you to shout my name without warning

When the phone rings at two in the morning.

I want you to see my body naked touching you in every dream,

So when I tie you up and then go down you might not scream.

I wanna be crazy and not care about what people say.

Nobody has to know that I want you to be my slave.

CHORUS

Don't go to sleep, I just might call, to throw you up against the wall.

I want to be the nice girl that smiles, standing by her man.

But secretly I want you kneeling when I raise my hand.

I wanna be pink and flowers every hour of the day,

But when the nighttime comes I wanna switch the role I play,

And leave your senses and confidences.

CHORUS
