Flashing lights in the club  
Memories of our wild affair  
The first night we met  
I just can't forget

Flashing lights, I was cool  
What a fool, didn't realize  
I just threw the dice  
With my baby's life

Talk about a dream  
I'll talk about an angel in white  
Making all my wildest dreams  
Come true

I remember driving wild  
She was laughing by my side  
One small mistake, too late to change  
Now I live inside my nightmare

Flashing lights in the night  
Memories of the girl I loved  
I still feel her touch  
I never loved so much

Flashing lights in the night  
Memories of the cold despair  
Just like a man insane  
My tears fall like rain

Talk about a dream  
I'll talk about an angel in white  
Making all my wildest dreams  
Come true

I remember driving wild  
She was laughing by my side  
One small mistake, too late to change  
Now I live inside my nightmare

I was flash, driving fast through the night  
Never saw the sign

Bad road, bad bend  
I never felt the end

Flashing lights brought me back  
But they left my baby there  
Those blue, blue lights  
In my blue, blue nights

Talk about a dream  
I'll talk about an angel in white  
Making all my wildest dreams  
Come true

Talk about a fool  
You're looking at the man  
That she loved  
Who'll never find  
Another girl like you

I remember driving wild  
She was laughing by my side  
One small mistake, too late to change  
Now I live inside my nightmare
