I'm missing you
I have to say
I'm missing you
With every day
As I walk the lonely night,
Rain is in the air
You could be here to make it right
Look for you somewhere
Open up this heart of mine
And let your love-light in
I'm missing you
In every way
I'm missing you
So long the days

The silence in the air
Darkness of the night
I've been looking everywhere
You could make it right
Open up this heart of mine
And let your love-light in

I'm missing you
With every day
I'm missing you
In every way

Thoughts in my head
Remember what you said
You're my girl
My girl
I can't believe how I'm missing you
Missing you

As I walk the lonely night,
Rain is in the air
You could be here to make it right
Look for you somewhere
Open up this heart of mine
Before it gets too late

I'm missing you
