

## **Barclay James Harvest "Taking Some Time On"**

Visit "[Taking Some Time On](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let's come on and get together  
Like the sky gets to the sea  
Just taking some time on  
Let's come on and make it better  
Let's make everybody see  
Just taking some time on  
For those who feel inclined  
To talk about the hidden feelings of their mind  
Let's come on and get together  
Let's come on and get together  
Like the sky with the sea  
Like the sky with the sea  
Just taking some time on  
Let's come on and tell the story  
Of the way it used to be  
Just taking some time on  
Let's come on and sing a song now  
Of the days when we were free  
Just taking some time on  
For those who feel inclined  
To talk about the hidden feelings of their mind  
Let's come on and get together  
Let's come on and get together  
Like the sky with the sea  
Like the sky with the sea  
Just taking some time on  
Let's come on the feeling's right now  
We want everyone to be  
Just taking some time on  
Let's come on and get together  
Like the sky gets to the sea  
Just taking some time on  
For those who feel inclined  
To talk about the hidden feelings of their mind  
Let's come on and get together  
Let's come on and get together  
Like the sky with the sea  
Like the sky with the sea  
Just taking some time on
