Dream on
Sail on the wind of a stormy sea
Wake from the sound of an age, gone forever
But it's all alright we'll survive
This is the time of our lives

Out on the streets and boulevards
See the way they run
A future of uncertainty
The word against the gun

Where have they gone?
Who are the ones
Who will help us all?
We stand or we fall

Open your eyes
We're on the ride
Who will survive?
This is the time
The time of our lives

Dream on
Follow the night
Through a darkened sky
We never wanted to be
Here forever

So we teach our ways
In the name of reality
And constantly we plant
The seeds of hatred in
The children of the world
But it's all alright

Out on the streets and boulevards
See the way they run
A future of uncertainty
The word against the gun

Where have we gone?
We are the ones

Who could change it all
Divided we fall

Open your eyes
We're on the ride
Who will survive?
This is the time
The time of our lives

Open your eyes
We're on the ride
This is the time
Time of our lives

Time of our lives
Who will survive?
Time of our lives

Out on the streets and boulevards
See the way they run
This is the time
Time of our lives

Time of our lives
Who will survive?
This is the time
Open your eyes

See the way they run
Who will survive?
This is the time
Time of our lives

A future of uncertainty
The word against the gun
Out on the streets and boulevards
See the way they run

Who will survive?
Open your eyes
Who will survive?
Open your eyes
