Hey there with that look on your face
Look into these eyes
You got so much to be thankful for in your life
Just a dream away is reality
Keep it close tonight
Make it real deep
Feel the lovebeat
Whisperin' inside
It's totally cool.
You're nobody's fool
Break all the rules
It's totally cool, totally cool

Hey now with the light in your eyes
Lookin' into space
Let the world sleep
Hear the small feet patterin' inside
Every daybreak brings a new start
With each mornin' star
As the night fades
An' it all wakes
I know I can't deny

It's totally cool, tonight
You're nobody's fool, it feels so right
Break all the rules, c'mon let's try
It's totally cool, totally cool

There's nothing to say
Nowhere to go
Nothin' to do but know we're alive
No reasons to give
No feelin's to hide
Come and surround me
Let's step out of line

It's totally cool, right here tonight
You're nobody's fool, it feels so fine
Break all the rules, c'mon let's try
It's totally cool, totally cool

Totally cool.
You're nobody's fool
Break all the rules
It's totally cool, totally cool
