Water
Water

Some live life with eyes that don't see
They look away at the time of your greatest need
Some talk, some'll just do, some turn their back
Turn around just walk away I know I've done that

There are lonely days there are lonely nights
Easy to be cynical never put yourself on the line
I'd like to reach out well why don't I
Take the load up off your back I'd like, I'd like to try

Let me carry your water
Let me carry the weight
I will bear your burden
Let me carry the load

Working hard sweating all day in the long hot sun
Feel alone with the heavy load you're not the only one
Boss man say time to jump we say how high
If you need a hand getting off your feet baby I'll try

I want to cover you like the sea on the sand
Easy to be cynical never take a stand
Easy for me not to give a damn
I'll ask you to call for me and I'll give you a hand

Let me carry your water
Let me carry the load
I will shoulder your burden
Let me carry the load, hey

There are lonely nights there are lonely days
You wait for someone to come along and sweep you
away
I'll put myself out there it just might feel good
I don't always do that but I think, I think I should

Let me carry the water
Let me carry the weight
I will bear your burden

Let me carry the load

Let me carry the carry the water

Let me carry the carry the load

I will bear your burden

Let me carry the carry the load
