Ever since I met you
My life been a mess
Where I feel like I been curse
If only I listen to the gypsy
Than my life wouldn't have gotten worst
Because she said we would only fight
Both of us wanting to be right
Leaving us with a lot of sleepless night's.
Oh ever since I met you
My life been a mess
Where I feel like I been curse
If only I listen to the gypsy
Than things wouldn't have gotten worst.
Now every time I try to leave
You block the door
Saying we can work it out
But deep inside I have my doubts
And your eyes seem unsure
So why don't you let me leave.
Oh since I met you my life a mess
Where I feel like I been curse
If only I listen to the gypsy
Than my life wouldn't have gotten worst
Now she even show me with her crystal ball
How I wouldn't be happy
Because she was wrong for me
She wasn't my type at all
Can't you see that she said
And all I could do is agree
And in a way disagree
Because I try for her any way
And now I have nothing to say
Accept since I met you
My life been a mess
