Little debbie why do you cry?
Little debbie won't you tell me why
Oh your prince charming left you
In the park to cry alone in the dark.
Now little debbie you don't have too cry
Little debbie I'll tell you why
But first dry your eyes and take my hand
Than we'll go out for a walk
Don't worry you don't have to talk
But I'll be your romeo to stroll in your dreams
So little debbie don't you cry
Little debbie I'll tell you why
Because I'll be your one and only
Keeping you from being lonely
Than you can kiss your loneliness goodbye
So little debbie don't you cry
Little debbie I'll tell you why
Cause where gonna fly so far away
And land into your dreams listen to what I say
So little debbie don't you cry
And little debbie I'll tell you why
