Well my bags are pack there by the door
I'm saying goodbye to you once more
So here's a hug take my kiss
Save the words that I long to miss
and share my touch i know it's not much
but my bag are pack there by the door
I'm saying goodbye to you once more
so relase my hand and try to understand
because the things i did weren't about you
because you were good you were true
but still my bags are pack there by the door
still i'm saying goodbye to you once more
so save the words that i'll long to miss
just take a hug share my kiss and feel my touch
i know it's not much
but my bags are pack there by the door
and i'm saying goodbye to you once more.....
