Carolina said goodbye
Hope to see you soon
To wild billy
Who still fighting silly willie
Out in the open fields
In front of fast Suzie and loose Mary
Trading hands with there guys
Out in the open land
As Carolina said goodbye
One last time to her friend
Before going on the bus again.
Now weary Stevie pleading with scary mary
To join him for a swim hoping she'd let him in.
Now Carolina bus leave Heading on down the road
As she sees Jill chasing Bill up that hill
Hoping he will marry her since she carry his baby
While little miss D became a young lady
Changing her name when she got caught in bobby
game.
Now Carolina is so far gone and things haven't been
the same
Just her name to live on.
