Ever since I met you

My life been a mess

Where I feel like I been curse

If only I listen to the gypsy

Than my life wouldn't have gotten worst

Because she said we would only fight

Both of us wanting to be right

Leaving us with a lot of sleepless night's.

Oh ever since I met you

My life been a mess

Where I feel like I been curse

If only I listen to the gypsy

Than things wouldn't have gotten worst.

Now every time I try to leave

You block the door

Saying we can work it out

But deep inside I have my doubts

And your eyes seem unsure

So why don't you let me leave.

Oh since I met you my life a mess

Where I feel like I been curse

If only I listen to the gypsy

Than my life wouldn't have gotten worst

Now she even show me with her crystal ball

How I wouldn't be happy

Because she was wrong for me

She wasn't my type at all

Can't you see that she said

And all I could do is agree

And in a way disagree

Because I try for her any way

And now I have nothing to say

Accept since I met you

My life been a mess
