I work 5 days a week
Mornings and nights I do all shifts
Cause I drive a fork lift
It's not the best job
But it a honest way, to make honest pay
Oh I work 5 days a week
Mornings and nights I do all shift
Cause I drive a fork lift,
And loading crates all day
With my mind set on friday.
Now friday is here and it's pay day
And now I can go out
Once I'm out of my work clothes
And into my dress up clothes
Not trying to be someone else
That not my style I'm always myself.
Oh I work 5 days a week
Mornings and nights I do all shifts
Cause I drive a fork lift.
Now I sing the blues
Cause monday is here again
And I already got friday on my mind
With my eyes set on the clock
Waiting for my shift to end
And for friday to come again.
Oh I work 5 days a week
Mornings and nights I do all shifts
Cause I drive a fork lift,
Oh I work 5 days, oh I work 5 days a week
Mornings and nights I do all shifts
Cause I drive a fork lift
Oh I work, oh I work 5 days a week
