Darling take my hand tonight

Because the time is right

And my harley she all reved up

And I'm just waiting for you

So together we can case these roads

And find a better place a better space

[Na na na na, na na na na]

Now where here and I already got a job

Fixing used bikes

And I know our home isn't real big

But at least for now it will be all right

[Na na na na, na na na na, na na na na, na na na na]
