Little debbie why do you cry?  
Little debbie won't you tell me why  
Oh your prince charming left you  
In the park to cry alone in the dark.  
Now little debbie you don't have too cry  
Little debbie I'll tell you why  
But first dry your eyes and take my hand  
Than we'll go out for a walk  
Don't worry you don't have to talk  
But I'll be your romeo to stroll in your dreams  
So little debbie don't you cry  
Little debbie I'll tell you why  
Because I'll be your one and only  
Keeping you from being lonely  
Than you can kiss your loneliness goodbye  
So little debbie don't you cry  
Little debbie I'll tell you why  
Cause where gonna fly so far away  
And land into your dreams listen to what I say  
So little debbie don't you cry  
And little debbie I'll tell you why
