Week after week,
Different girl every day
Where I can't remember there names
Hard for me to say
Because I think this ones is jane
Or maybe pam
It just drives me insane
Because she could be sam
Or even mary
It's just getting so scary
Because I just don't know
But let's just go
Who ever you are
Will sit in my car
And kiss under that star...
Oh week after week
A different girl
Where I think she is melissa
And I want to kiss her
Or maybe she is karen
Or is it sharon
It's where it's getting insane
Because I don't remember there name
Because I think she is mary
Either way it's scary
But let's just go
Who ever you are
Will sit in my car
Kiss under that star...
Oh week after week
A different girl every day
Where I can't remember there name
Because I think she'd sara
Or maybe cara
It's driving me insane
Because I don't know
But let's just go
Who ever you are
Will kiss under that star...
Under that star...
Kiss under that star...
