Oh there you sit in your chair
Waiting for who you don't know
Well is it a friend or some one you miss so
Well if it is give it time to come back again
Oh there you sit in your chair
Waiting for who you don't know
But remember darling time heals or wounds
And there always tomorrows to help ease your sorrows
Oh there you sit in your chair
Waiting for who you don't know
Well is it a freind or someone you miss so
Well if it is than give it time to come back again
Oh there you sit in your chair
Waiting for who you don't know
But please remember darling time heals or wounds
And there always tomorrows to help ease your sorrows
Oh there you sit in your chair
Waiting for who you don't know.
