I still remember it was autumn and the moon was  
shining  
Our 60 Cadillac was roaring through Nebraska whining  
Doing 120 man the fields was bending over  
Heading out for the mountains knowing we was  
traveling further  
All the fires were blazing and the spinning wheels were  
turning turning  
Had my girl beside me, brother, brother, she was  
burning burning

Up walked a Baptist preachin' southern funky school  
teacher  
She had a line on something heavy but we couldn't  
reach her  
We told her that we needed something that would get  
us going  
She pulled out all she had and laid it on the counter  
showing  
All I had to do was lay my money down and pick it up  
The cops came busting in and then we lit out in a  
pickup truck

Go! Get out of Denver, baby, go, go  
Get out of Denver, better, go  
Get out of Denver, better, go, go  
Get out of Denver cause you look just like a commie  
And you might just be a member  
Better get out of Denver  
Better get out of Denver

Well, red lights were flashing and the sirens were a-  
screaming screaming  
We had to pinch each other just to see if we were  
dreaming  
Made it to Loveland Pass in under less than half an  
hour  
Lord, it started drizzling and it turned into a  
thundershower

The rain was driving but the Caddy kept on burning

rubber

We kept on driving till we ran into some fog cover  
We couldn't see a thing but somehow we just kept on  
going

We kept on driving all night long and then into the  
morning fog

It finally lifted when we looked to see where we was at  
We're staring at a Colorado state policeman trooper cat

Go! Get out of Denver, better, go  
Get out of Denver, better, go, go  
Get out of Denver, better, go  
Get out of Denver cause you look
