My life goes on in endless song  
Above earth's lamentation  
I hear the real, though far off hymn  
That hails the new creation

What though the tempest loudly roars  
I hear the truth, it liveth  
What though the darkness round me close  
Songs in the night, it giveth

When tyrants tremble, sick with fear  
And hear their death-knell ringing  
When friends rejoice both far and near  
How can I keep from singing?

No storm can shake my inmost calm  
While to that rock I'm clinging  
Since love is Lord in Heaven and Earth  
How can I keep from singing?
