Well, you can come by in the morning
It'll be alright
That's alright
Well if you wanna stop by this evening
I'll be home about nine
Well but don't you come around if you're gonna act
strange
No don't do it to me

Because I just can't change, babe
I just can't change
No matter how I try, child
I just can't change

Well you tell me how much you miss me girl
Well I miss you too
Yes I do
And it's been so long since you kissed me
Don't you think I'm about due

Oh
But don't you, don't you be comin' 'round
If you're gonna try and rearrange
No don't do it to me

Because I just can't change, girl
I just can't change
No matter how I try, child
I just can't change

Yeah, well you come around whenever you want to
And don't you know I want you to because you're so
fine to see
And you tell me how you've got the love
Yes I know you've got a lot of love
And you wanna give it to me
But sometimes you make me crazy
Trying to put them chains on me, babe
No, not me baby

And she calls so sweetly

So discreetly
And she says how you been baby
Are you busy and are you alone?
And I tell her
If you've got the money, then something can be
arranged

Child
Oh I just can't change
No I just can't change
No matter how I try honey
I just can't change

Oh
I just can't change
You gotta take me as I am
Yeah, you gotta take me as I am
I just can't change baby
No I just can't change
