Well, I dreamed I was a gypsy riding the land  
With a tambourine and a gypsy queen and a rainbow  
caravan  
? ? ? ? ? yeah, but I won't be  
Stealing diamonds from the rich men to throw in the  
sea

Singing look to the land 'cause the land is the key  
Keep an eye on the lake, yeah and an eye on the sea

Yes, I dreamed I was a cabin boy on that american  
clipper line  
? ? ? ? ? southcaroline

Oh bring flowers for the captain that they may not wilt  
On the ? ? ? ? ? ? ? ? (yeah, alright)

Yes I dreamed I was the captain of a river queen  
Carressing mississippi waters down to new orleans  
Just a riverboat captain that's what I want to be  
Won't you come on now I'll let you ride my ? ?

Singin' look towards the river for the river's the key  
Keep an eye on the river and an eye on the sea (and  
you know it's alright)

Where the sun shines I will go mama take my hand  
I wanna bring you to the lake  
And the wild wind blows and the mountains grow and  
the people know

Yes they know you must let the river flow, let the river  
go

Where the river flows I will follow, where the sun shines  
I must go  
Now mama, take my hand I wanna bring you to the lake  
Where the wild wind blows and the people know  
And the mountains grow, yes they grow  
And the river flows, gotta let the river flow

Yes I dreamed I was a river flowing free

And I dreamed that ? ? just flow naturally  
Yes I dreamed I was a crystal mountain stream  
Running down the biggest mountain you've ever seen,  
singin'

Look towards the river for ? ? ? ? ?  
Keep an eye on the river and an eye on the sea

Dreamed I was your lover 'cause that's what I wanna be  
I dreamed that every night you dreamed only of me  
We'll walk together by the sea hand in hand  
I'd tell you you were my only woman and I'll be your  
only man, singin'

Look towards the lovers for they are the key  
Keep an eye on the lovers and an eye on the war  
machine
