At night I go to bed
But I just can't sleep
I got something runnin' around my head
Ooh that just won't keep

In the silence I hear my heart beatin'
Time slippin' away
I got a time bomb tickin' deep inside of me
Girl all I want to say

I keep searchin' for you darlin'
Searchin everywhere I go
And when I find you there's gonna be just one thing
that you gotta know

One thing you gotta know

My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down

At night I walk the streets lookin' for romance
But I always end up stumblin' in a half trance
I search for a connection in some new eyes
That hardly protect you from too many dreams passed
by

I see you standin, across the room watchin' me without
a sound

I'm gonna push my way through that crowd
I'm gonna tear your holy walls down
Tear all your walls down

My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you

down

Well hold still now darlin'
Hold still for god's sake
Cause I got me a promise
I ain't afraid to make (I ain't afraid to make)

My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
My love, love, love, love, love, love, will not let you
down
