Well surprise, surprise, surprise
Yeah surprise, surprise, surprise
Well surprise, surprise,
come on open your eyes
And let your love shine down

Well surprise, surprise, surprise
Yeah surprise, surprise, surprise
Well surprise, surprise,
come on open your eyes
And let your love shine down

Well today is your birthday
We've traveled so far we two
So let's blow out
the candles on your cake
And we'll raise a glass or two
And when the sun comes out tomorrow
It'll be the start of a brand new day
And all that you have wished
for I know will come your way

Well surprise, surprise, surprise
Yeah surprise, surprise, surprise
Well surprise, surprise,
come on open your eyes
And let your love shine down

In the hollow of the evening,
as you lay your head to rest
May the evening stars scatter
a shining crown upon your breast
In the darkness of the morning,
as the sky struggles to light
May the rising sun caress
and bless your soul
throughout your life

Well surprise, surprise, surprise
Yeah surprise, surprise, surprise
Well surprise, surprise,
come on open your eyes

And let your love shine down

Well surprise, surprise, surprise
Yeah surprise, surprise, surprise
Well surprise, surprise,
come on open your eyes
And let your love shine down
(let your love shine down)
Let your love shine down
(let your love shine down)
Let your love shine down

Surprise, surprise,
come on open your eyes
And let your love shine down
